In a 1-2 page proposal, please describe how you would change a course to prepare students to demonstrate information literacy competency by addressing the following standards:

- The student determines the nature and extent of information needed
- The student accesses needed information effectively and efficiently
- The student evaluates information and its sources critically and incorporates selected information into his or her knowledge base and value system
- The student applies new and prior information to the planning and creation of a particular product or performance
- The student understands many of the economic, legal, and social issues surrounding the use of information and accesses and uses information ethically and legally

1. How do you intend to work with the librarian on this project in the redevelopment of the course to include information competencies?

2. I conferred with (name of Librarian), on / / (mm/dd/yyyy) concerning this application and proposal.

3. Please attach a 1-2 page proposal, addressing the criteria stated above.
